Demographic Questions

AGM day 1 respondents by region

- Atlantic Canada: 28%
- Ontario: 33%
- Quebec: 11%
- Western Canada: 28%
Themes from comments on the day 1 sessions:

**Licensing:**
- The information related to CAIRN that was included was considered very useful and interesting, and well explained
- The session was accessible, and a good intro for people with all levels of knowledge on licensing
- High level of detail was appreciated

**Trusted Digital Repository Task Group (TDRTG):**
- Multiple comments on the importance of the initiative/issue

**License Transition Task Group (LTTG):**
- Importance of the work was noted
- One comment noted their surprise at the progress of the TDRTG, citing that they expected the group would be further along

**Journal Usage Project (JUP):**
- There is a strong push for putting the data to use, and finding ways to improve the data
- Examples from Western and Université de Montréal were appreciated
- More detail was requested

**CRKN-Canadiana Combination:**
- Well managed and highly organized nature of the session was appreciated
- Some felt their questions were not fully answered
- The progress and quality of the associated documents were appreciated
2017 CRKN AGM: Montreal, October 18-20, 2017

Demographic Questions

AGM day 2 respondent regions

- Atlantic Canada: 37%
- Ontario: 33%
- Quebec: 23%
- West: 7%
Themes from comments on the day 2 sessions:

National Heritage Digitization Strategy:
- A bigger picture of the way the NHDS project fits with the work of CRKN and Canadiana was requested for any further sessions on the topic
- The information on the work done to date was appreciated, but it was felt that more detail and breadth to the work would be useful

Érudit/PKP & Open Access:
- The topic was considered important
- The presentation was understood as thorough on a high level and interesting, but at times needed more specific detail and explanation to make those details easy to follow

Impressions of the library tours

**Concordia:**
- What an amazing renovation!! [...] an excellent tour and lots of background information; a great tour guide for a great library. I am very happy for Concordia to have such a dynamic library and dynamic leader.
- Didn't attend the library tours but the tour of the Chapel Library/crypt was an added bonus after the Thursday reception. A privilege to attend, thank you!

**McGill:**
- No attendees

**General comments on the library tours:**
- There was a long [...] gap between the business meeting/lunch and the tours, which, at the end of intensive meetings, meant that it was hard to wait around for the tours.

Impressions of and comments on the AGM as a whole:

**Food and venue:**
- The venue was great; the food great; no complaints at all.
- Breakfast wasn’t great (cold eggs, cheap sausage) and it is a bit of an early start in the mornings.

**Programming, organization, and agenda:**
- A very solid and timely program.
- Excellent and packed agenda. Historic meeting with the Canadiana vote! Congratulations to all involved for this visionary evolution of both organizations.
- Excellent AGM, both organization and content.
- I thought that this AGM allowed for more member participation and discussion than in the last two years. Thank you to CRKN staff for a great event!
• One suggestion though would be to make meeting documents available just a little sooner, if possible (e.g. a full week before the AGM)

**Bilingualism and simultaneous translation:**
• Je suis vraiment très contente de l'équilibre entre les présentations en français et en anglais. Je remercie [RCDR] d'avoir insisté pour que les participants se dote de l'équipement pour la traduction simultanée. Comme francophone, je me suis sentie complètement respectée et j'aurais été très à l'aise de m'exprimer dans ma langue. C'est une vigilance et une délicatesse toute à votre honneur. Et cette appréciation a été partagée avec plusieurs de mes collègues.

• Being fluent in English and able to understand much of the French, I found that the translators were often quite a bit behind the speakers and then started dropping parts of what people were saying. They captured the gist of the statements, but were often not fully translating.

• J'ai grandement apprécié d'entendre autant de français pendant les présentations. Pour moi qui ai participé à de nombreuses AGA, c'est celle où le français a été le plus présent et c'est certainement une orientation qui doit se poursuivre à l'avenir.

• The mix of English and French speakers was well appreciated and goes a long way to creating a feeling of belonging and cohesion to the group.

**Suggestions for future topics at AGMs:**
• More on digital preservation once the Canadiana and Scholars Portal TDRs are secured.
• OA funding priorities/strategies for CRKN OA2020
• Update on the banding system - where it worked/didn’t work [and] next steps
• Update on Canadiana – [information on] how much has been digitized [and] usage
