10.2.6 EARLY TERMINATION BY A MEMBER
The performance of a Member of their obligations under this Agreement shall be subject to and contingent upon the availability of funds provided, allocated, or allotted in institutional budgets for the purpose of this Agreement for the current and future license term. Any Member may, at its option, provide notice to the Publisher and the Consortium, by October 1st of each applicable calendar year within this Agreement, of the non-availability of such funds and the intent to terminate their participation in this Agreement beginning on January 1st of the forthcoming year.

If a Member executes this option, no refund of payments already received by the Publisher will be owed to the Member. The determination of whether funds are available shall be made in the sole discretion of the applicable Member. The termination of participation by any Member will not constitute a default or a termination of participation of any other Members under this Agreement. Upon termination, a Member has the ability to execute their rights under clause 10.5.3 [Continued Access to Licensed Materials].

10.3 RENEWAL OF TERM
This Agreement shall be renewable at the end of the current term if agreed in writing by both parties prior to the termination of this Agreement.

The means by which Authorized Users shall have the right to access and use such Subscribed Titles and Academic Press Titles shall be in the manner and form provided below in this Section 10.5.3.

Publisher shall:

a.) provide continuing online access to archival copies of the Subscribed Titles and Academic Press Titles on the Publisher’s Platform for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of no greater than $0.081; The Publisher will make available for inspection by a duly authorized auditor of the Member, at the Member’s sole expense, the records concerning the calculation of the annual access fee one time per year during regular business hours upon thirty (30) days written notice to the Publisher. If a particular Subscribed Title is withdrawn by the Publisher or not renewed by the Member, but the Member remains a ScienceDirect online subscriber, the Member may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid, provided that the Publisher continues to hold the electronic rights thereto.
b.) supply archival copies of Subscribed Titles and Academic Press Titles to the Member in an electronic medium mutually agreed between the parties;

c.) supply archival copies of the Subscribed Titles and Academic Press Titles to an appropriate hosting and archiving facility (e.g. OCUL Scholars Portal) for continuing online access to the Subscribed Titles and Academic Press Titles;

d.) grant access to the Subscribed Titles and Academic Press Titles through an archival service provider such as, but not limited to, Portico as appropriate;

e.) provide for other options as mutually agreed between the Publisher and the Member.

For the avoidance of doubt, access and use of the Subscribed Titles and Academic Press Titles shall be subject to the terms and conditions as set out in Section 3, 4, 6.12.3 and 10.5.3 of this Agreement, notwithstanding the termination of this Agreement. Members are permitted to make copies or re-format the Subscribed Titles and Academic Press Titles to ensure their future preservation, accessibility by Authorized Users with disabilities (as defined in the Human Rights Code, R.S.O. 1990, c. H.19), or if the existing format in which the work is stored has become obsolete. A format shall be considered obsolete if the machine or device necessary to render perceptible a work stored in that format is no longer manufactured or is no longer reasonably available in the commercial marketplace. Also notwithstanding the foregoing, any archival rights to the Licensed Materials that the Member acquired under a previous subscription agreement(s) with the Publisher will be retained.

The Subscribed Titles and Academic Press Titles made available in accordance with this clause shall be the complete content except that such Subscribed Titles and Academic Press Titles may not contain all the links and other platform features and functionality associated with the Licensed Materials.

11. GENERAL

11.1 ENTIRE AGREEMENT
The following documents shall comprise the entire Agreement between both parties concerning the subject matter of this Agreement, and, in the event of any dispute concerning construction thereof, shall have the following order of precedence:

a.) This Agreement and all schedules and other documents attached and incorporated by reference.

11.2 ALTERATIONS
Alterations to this Agreement and to the schedules to this Agreement are only valid if they are recorded in writing and signed by both parties.

11.3 ASSIGNMENT AND TRANSFER
This Agreement may not be assigned or transferred by either party to any other person or organization without the prior written consent of the other party, nor may either party sub-contract any of its obligations, except as provided in this Agreement in respect of the management and operation of the Platform, without the prior written consent of the other party, which consent shall not unreasonably be withheld, except that the Publisher may assign this Agreement to an affiliate of the Publisher without the prior written consent of the Consortium.

11.4 EXECUTION
This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by mail or electronic means are effective to the same extent as original signatures.

11.5 FORCE MAJEURE
Neither a party’s nor a Member’s delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, without limitation, war, strikes, floods, governmental restrictions, power, telecommunications or Internet failures, “denial of service” or similar attacks, or damage to or destruction of any network facilities) shall be deemed to be, or to give rise to, a breach of this Agreement.
11.6 SEVERABILITY
The invalidity or un-enforceability of any provision of this Agreement shall not affect the continuation or enforceability of the remainder of this Agreement.

11.7 WAIVER OF CONTRACTUAL RIGHT
Either party’s waiver, or failure to require performance by the other, of any provision of this Agreement will not affect its full right to require such performance at any subsequent time, or be taken or held to be a waiver of the provision itself.

11.8 NOTICES
Any notices to be served on either of the parties or on a Member by the other shall be sent by registered mail, electronic mail, or courier to the address of the addressee as set out in this Agreement or to such other address as notified by either party to the other as its address for service of notices. Any such notice sent by registered mail shall be deemed to have been given 14 days after the date of posting the mail. Any such notice sent by courier or electronic mail shall be deemed to have been given on the date of receipt.

11.9 CONDITIONS OF AGREEMENT
Intentionally deleted.

11.10 DISPUTE RESOLUTION
If the parties disagree over an interpretation of this Agreement or whether a party or a Member is in breach of any part of this Agreement, the parties and any such Member shall, in good faith, enter into negotiations to resolve the disagreement or other means short of litigation.

11.11 GOVERNING LAW
This Agreement shall be governed by and construed in accordance with the laws of the province of Ontario, and the laws of Canada applicable therein.

11.12 VENUE
The Publisher agrees that any action or proceeding instituted by it relating to this Agreement or its dealings with the Consortium or a Member pursuant to this Agreement shall be brought in a court of competent jurisdiction in the Province of Ontario, Canada, and for that purpose the Publisher now irrevocably and unconditionally attorns and submits to the jurisdiction of such court. The Publisher further agrees that Consortium may, at its sole discretion, bring any action or proceeding relating to this Agreement in a court of competent jurisdiction in the Province of Ontario, Canada or in any jurisdiction in which the Publisher is incorporated, registered or resident. In any such event, the Publisher agrees that it will irrevocably waive any right to, and will not, oppose any such action or proceeding on any jurisdictional basis, including forum non conveniens.

SCHEDULE 6
OPEN ACCESS OPTION

A schedule dated January 1, 2021 to the Agreement between ELSEVIER B.V. and CANADIAN RESEARCH KNOWLEDGE NETWORK.

This Schedule 6 sets forth the terms of the open access pilot program (“Pilot”) between the Members and the Publisher, as further described below.

1. Background

   a. Corresponding authors affiliated with a Member shall be referred to as “Corresponding Author(s)”.

   b. For a period beginning 1 January 2021 until and including 31 December 2023, Corresponding Authors are granted the right, as part of the Pilot, to publish articles open access in Elsevier owned and Elsevier published (e.g. society) core hybrid journals and fully gold journals (“Eligible Journals”), subject to the terms of this Schedule 6. Core titles do not include Cell Press and The Lancet.

   c. In certain limited cases the Eligible Journals may be subject to change, for example where the Publisher launches new fully gold open access journals that will be eligible for the Pilot or where titles transfer to another publisher and will no longer be eligible.

2. Gold Open Access Option

   a. The Publisher’s publishing workflow uses the submission date to determine the eligibility of an article for the Pilot. In order to benefit from any of the commercial arrangements mentioned herein, articles must be submitted by Corresponding Authors in the period beginning 1 January 2021 until and including 31 December 2023.

   b. In the Publisher’s journal workflow, the Corresponding Author will specify their affiliation and the relevant research funding source(s). Based on this data, the Publisher will provide the Corresponding Author with the relevant publishing options. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with the Publisher on the same.

   c. If accepted for publication in an Eligible Journal, Corresponding Authors may publish an article open access subject to a discount on the article publishing charge (“APC”) of 20% (twenty percent) based on the then current list price set forth at https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist.

   d. In the event a Corresponding Author has chosen the gold open access option, the journal article, if accepted for publication in an Eligible Journal, shall be published under either a CC BY or CC BY-NC-ND license as determined by the submitting Corresponding Author, subject to the conditions and process set forth herein.

   e. The Publisher’s Open Access Platform (“EOA Platform”) requires the Members to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with a Member, and will provide the Members with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type, journal title, research funding, submission and acceptance date of the article and the APC.
f. The Members are responsible for informing Corresponding Authors that they are required to identify themselves as being a Corresponding Author in the Publisher’s journal workflow in order to benefit from the commercial arrangements under the Pilot. The Member will have access to the EOA Platform in order to validate a Corresponding Author’s eligibility within 15 working days after a Corresponding Author has selected the open access option in Elsevier’s journal workflow.

g. The Corresponding Author is responsible for the payment of the APC. On validation by the Member, the Publisher will, subject to the payment terms of the Agreement, send the invoice with a reduced APC value to the address indicated by, and in the name of, the Corresponding Author.

h. In the event that the Member does not validate the eligibility of an author or does not complete the eligibility validation within 15 working days after an author has selected the open access option in Elsevier’s journal workflow, the relevant Corresponding Author will be invoiced at the then current non-discounted APCs as set out at https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist. The Publisher will send the invoice to the address provided by the Corresponding Author.

i. Any articles published under the open access model in journals that are not identified as part of the Pilot will be invoiced at the then current non-discounted APC list price set forth at https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist.

j. The Members will have access to monthly reports that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by the Agreement. Minimum metadata requirements are: Corresponding Author Name, Corresponding Author Affiliation, Corresponding E-Mail, Funding grant IDs, Date of submission, Date of acceptance, Journal title, ISSN, Article title, Article type, Article APC and discount (if any), Open Access Y/N, DOI, and CC license.
