RECONNAISSANCE TERRITORIALE

Nous reconnaissons et respectons le peuple ləkʷəŋən, sur le territoire duquel se trouve l'université, ainsi que les peuples Songhees, Esquimalt et W̱SÁNEĆ, qui ont encore aujourd'hui un lien historique avec ce territoire.

Aperçu de la présentation

- En quoi consiste la pratique selon laquelle certains se font payer en double ?
- Pourquoi parle-t-on de cette pratique ?
- Éléments de preuve
 - Acquisitions de plateformes de commandes
 - Discussions avec des éditeurs/fournisseurs
 - Accord de publication d'auteur
 - Modèles de publication des livres électroniques
- Solutions pour les acquisitions

Définition

1. Les auteurs ou bailleurs de fonds paient pour qu'un livre électronique soit librement accessible
et
2. Les éditeurs font payer l'accès aux livres électroniques par le biais d'abonnements

Pourquoi parle-t-on de cette pratique ?

- Demande de livre électronique effectuée sur GOBI
- Titre en libre accès figurant sur le site web de l'éditeur
- De nombreux livres électroniques en libre accès vendus par EBSCO et ProQuest – ils se font payer en double !
- Question – pourquoi devrait-on payer pour un livre qui est en libre accès ?

Enquête

- Modèles de publication
 - Presses universitaires / éditeurs universitaires
 - Éditeurs offrant l'option du libre accès
- Tarification de GOBI et des éditeurs
- Agrégateurs (p. ex. EBSCO / Proquest, etc.)

From Dust to Digital

Ten Years of the Endangered Archives Programme

Maja Kominko (editor)

 READ ONLINE  DOWNLOAD  PRINTED EDITIONS

Much of world's documentary heritage rests in vulnerable, little-known and often inaccessible archives. Many of these archives preserve information that may cast new light on historical phenomena and lead to their reinterpretation. But such rich collections are often at risk of being lost before the history they capture is recorded. This volume celebrates the tenth anniversary of the Endangered Archives Programme at the British Library, established to document and publish online formerly inaccessible and neglected archives from across the globe.
